1 Purpose

This policy and procedure establishes an effective, accountable and transparent framework for ensuring compliance with the requirements for YRH by the General Data Protection Regulation, hereinafter referred to as GDPR.

2 Scope

This policy and procedure applies across all entities or subsidiaries owned, controlled, or operated by YRH and to all principals, consultants, agents, contractors, and/or employees, including part-time, temporary, or contract employees that handle personal data.

3 Policy Statement

- The GDPR details rights of access to both manual data (which is recorded in a relevant filing system) and electronic data for the data subject. This is known as a Subject Access Request (SAR).
- Under the GDPR, organisations are required to respond to SARs within one month. Failure to do so is a breach of the GDPR and could lead to a complaint being made to the Data Protection Regulator.
- This policy informs staff of the process for supplying individuals with the right of access to personal data and the right of access to staff information under the GDPR. Specifically:
 - a) All staff need to be aware of their responsibilities to provide information when a SAR is received. When a SAR is received, it should immediately be reported to the Data Protection Team to log and track each request
 - b) Requests must be made in writing (preferably using the SRF template form, but not this is not mandatory providing the request submitted includes all the significant information when sent)
 - c) The statutory response time is one month
- Requests should include the full name, date of birth and address of the person seeking access to their information. To comply with the GDPR, information relating to the individual must only be disclosed to them or someone with their written consent to receive it.
- No fee can be charged for initial SRF for all types of records, whether manual or electronic format.

4 Procedure

4.1 How should SRFs be processed after receiving

When a SAR is received from a data subject it should immediately be reported to the Data Protection Team who will log and track each request. If you are asked to provide information, you will need to consider the following before deciding how to respond:

4.1.1. Under GDPR Articles 7(3), 12, 13, 15-22 data subjects have the following rights:

- to be informed;
- to access their own data;
- to rectification;
- to erasure (Right to be Forgotten);
- to restriction of processing;
- to be notified;
- to data portability;
- to object;
- to object to automated decision making.

- 4.1.2. Requests must be made in writing (template form is attached, but is not mandatory). All SRFs received by email, mail, fax, social media, etc. must be processed.
- 4.1.3. The type of access you must provide and the fee you are allowed to charge may vary depending on how the records are held. It does not have to state 'subject access request' or 'data protection' to constitute a request under the GDPR.
- 4.1.4. If a request has already been complied with and an identical or similar request is received from the same individual a fee can be charged for the second request unless a reasonable interval has elapsed.
- 4.1.5. The statutory response time is one month.
- 4.1.6. Requests should include the full name, date of birth and address of the person seeking access to their information. To comply with the GDPR, information relating to the individual must only be disclosed to them or someone with their written consent to receive it.
- 4.1.7. Before processing a request, the requestor's identity must be verified. Examples of suitable documentation include:
 - Valid Passport
 - Valid Identity Card
 - Valid Driving Licence
 - Birth Certificate along with some other proof of address e.g. a named utility bill (no longer than 3 months old)

4.2 Fees

No fee can be charged for providing information in response to a SAR, unless the request is 'manifestly unfounded or excessive', in particular because it is repetitive.

If YRH receives a request that is manifestly unfounded or excessive, it will charge a reasonable fee taking into account the administrative costs of responding to the request. Alternatively, YRH will be able to refuse to act on the request.

4.3 Subject access requests made by a representative or third party

Anyone with full mental capacity can authorise a representative/third party to help them make a SAR. Before disclosing any information, YRH must be satisfied that the third party has the authority to make the request on behalf of the requestor and that the appropriate authorisation to act on their behalf is included (see *Subject Request Form*).

4.4 Complaints

If an individual is dissatisfied with the way YRH have dealt with their SAR, they should be advised to invoke the YRH complaints process. If they are still dissatisfied, they can complain to the Data Protection Regulator.

5 Responsibilities

5.1 Compliance, monitoring and review

- 5.1.1 The overall responsibility for ensuring compliance with the requirements of the related legislation in relation to performing subject access rights at YRH rests with the Data Protection Team.
- 5.1.2 All operating units' staff that deal with personal data are responsible for processing this data in full compliance with the relevant YRH policies and procedures.

5.2 Records management

- 5.1.3 Staff must maintain all records relevant to administering this policy and procedure in electronic form in a recognised YRH recordkeeping system.
- 5.1.4 All records relevant to administering this policy and procedure will be maintained for a period of 6 years.
